

TALENT TURKU KICK-OFF

22 May 2018 at 13:30-15:30 on riverferry [Jakke Jokilautta](#)

Launch of the Talent Turku takes place in a kick-off event organized in conjunction with the Shift Business Festival 2018. The event is targeted at companies, universities, institutional partners, communities and individuals contributing to talent attraction and retention.

Economic boom is shaping Southwest Finland. However, lack of skilled labour is a major bottleneck for growth. City of Turku is committed to tackle this challenge and support the industries to fully benefit from the positive structural change.

Among other initiatives the city is aiming to make Turku more attractive to international experts. Talent Turku is a new network facilitating interaction between all stakeholders willing to make the city internationally appealing place to live and invest in.

Programme includes keynotes about challenges and opportunities related to the global race for talents. In addition, both upcoming and ongoing activities related to this issue will be presented.

Join us and share your ideas!

The event is facilitated by Pärtel-Peeter Pere, CEO and co-founder of Future Place Leadership.

Please register by 17 May 2018 at https://www.lyyti.in/talent_turku_kickoff

Detailed programme will be available soon.
